

Are everyday tasks becoming more difficult for you or a loved one?

Are you recovering from surgery and in need of assistance?

Have you been providing care for a family member and need relief and time for yourself?

There may come a time in life when you, or a loved one may have additional needs beyond what you or a family member can provide. That's where we come in...Freedom Home Care provides exceptional care and services that enhance our clients' quality of life while they remain in the comfort and familiarity of their own home. At Freedom Home Care, our staff is available day or night, hourly or full-time to provide services in one's own home. In addition to providing care and services in private residences, Freedom Home Care also provides private care for individuals in independent and assisted living communities, as well as nursing homes, wherever our clients call home.

*"We chose Freedom Home Care as our preferred provider because of their excellent care and prompt follow-up they provide to our patients."*
